Key Takeaways

- **West leads all regions** with **\$725.46K** in total sales, the strongest contributor to revenue.
- **Furniture is the profit problem.** At just **2.5% margin** (vs. ~17% for Technology and Office Supplies), it earns a fraction of what the other categories do on comparable sales.
- **Three sub-categories sell at a loss** — **Tables, Bookcases, and Supplies** all carry **negative margins**, the core drag inside Furniture's weak performance.
- **Sales grew 20.4% YoY in 2017**, but growth is **decelerating** from ~29% in 2015–2016 — momentum is slowing and worth watching.
- **Recommendation:** fix pricing and discounting on Tables, Bookcases, and Supplies. Closing these margin leaks is the fastest path to higher profit without needing to grow sales.
